- > Standard zoom lens for extended telephoto range
- > Focal length of 85 – 450 mm (equivalent in 35mm film format)
- > New optics especially adapted to high quality DSLRs
- > Dirt resistant PENTAX SP Coating on front lens element
- > Convenient manual focusing with wide focusing ring

A highly efficient zoom lens that covers the short to long telephoto range of 85 to 450mm (equivalent in 35mm film format). The exclusive PENTAX SP Coating effectively protects its front lens against dirt and contamination. Additionally, the focusing ring permits easy manual focusing. New optics are especially adapted for high quality PENTAX DSLRs.
