

PowerStation Ultima II

The ideal FAST charger for Lithium Ion Digital Camera Batteries & a USB Power Source

The new multi-purpose charger for all Li-Ion digital camera batteries of the specified brand, and devices with USB charging facility.

- Plug-in charger (no AC/DC adaptor required)
- Ideal travel charger for worldwide use; Euro, UK and foldable US mains plug included.
- 12V DC input with car lead included.
- Easy to use – like a charger dedicated for your Li-Ion battery.
- Interchangeable battery contact plates for digital cameras of specific brand.
- Modern, stylish and slim-line design – perfect for a frequent traveller.
- Built-in USB socket (5V 500mA) for practically all devices with USB charging facilities ie. iPhone, iTouch, MP3 etc.

Actual Size

Please note that the contact plates for the original Ultima are not compatible with the new Ultima II.

If you do require a spare contact plate, can you please ensure that you always specify the Ultima model.

12V DC Car Lead, for Worldwide Use 100V – 240V

Battery Contact Plates for all batteries of one particular camera brand included

For Canon Digital Cameras For Fujifilm Digital Cameras For Nikon Digital Cameras For Olympus Digital Cameras For Panasonic Digital Cameras For Pentax Digital Cameras For Sony Digital Cameras For Samsung Digital Cameras For Casio Digital Cameras For Kodak Digital Cameras

Available for all major digital camera brands!

Featuring the latest in fast charge technology

- Fast charging time of 1-2 hours depending on battery capacity.
- Automated variable charge current, depending on battery model, for safe and efficient charging.
- Sophisticated 3-stage constant current/constant voltage (CC/CV) charge programme with soft start, fast-charge and top-up maintenance charge.
- Over-temperature battery protection.

Your universal travel companion

- Built-in universal voltage for worldwide use.
- Direct plug-in charger with foldable US mains plug and, depending on model, with slide on Euro and UK plug.
- A mobile solution – 12V car lead for use in car, boat or caravan.
- For cameras tied up while recharging the battery with docking station or on-board charge, the PowerStation ULTIMA is the perfect alternative – releasing the camera from charging, allowing further use.

USB Power Source

- USB port giving power or charging devices with USB charging facility.

More Versatile

USB Charging Facility

For all devices with USB power input
iPhone, iPod, PDA, Game Console
and many more
